

12K 4-POST

SERVICE LIFT

ENGINEERING UNLEASHED™

12K 4-POST

ENHANCED EFFICIENCY SUPERIOR PERFORMANCE

The versatile 12k 4-Post alignment lifts provide an impressive lifting capacity of 12,000 pounds within a compact and exceptionally stable lift configuration, eliminating the necessity for employing multiple lifts. Whether the task at hand involves accommodating a diminutive microcar or a robust heavy-duty pickup truck, the 12k 4-Post alignment lift stands prepared with its comprehensive four-wheel alignment capabilities that adeptly cater to the diverse spectrum of vehicular demands.

SMALL FOOTPRINT

Efficiently maximize the potential of your work area with a space-efficient footprint that's compact in size but provides a substantial lifting capacity.

CLOSED-FRONT CROSS BEAM

The closed front crossbeam reinforces the structural integrity of the lift for heightened stability.

LOW PROFILE

With ultra-low-profile, 8-inch runways, this unit provides an easy-on approach angle that is especially favorable to low-profile vehicles.

SLACK CABLE RETENTION SYSTEM

Elimine las preocupaciones sobre el mantenimiento del cable y la holgura excesiva con nuestro innovador sistema de retención de cables flojos.

LONGER SLIP PLATES

To minimize maintenance requirements, the rear slip plates employ oversized, encapsulated bearings that move upward, eliminating the need to reposition front turn plates.

ADJUSTABLE TURN PLATE POCKET

Effortlessly service vehicles of diverse wheelbases with user-friendly, adjustable turn plate pockets.

TECHNICAL SPECIFICATIONS

Air Supply Required	90-120 PSI 6-8 BAR
Configuration	Closed Front
Lifting Capacity	12,000 lbs. 5,443 kg
