

geodyna® 7300L

CAR WHEEL BALANCER

ENGINEERING UNLEASHED™

A semi-automatic powerhouse, the geodyna® 7300L wheel balancer is ready to tackle any task with unmatched efficiency. The easyWeight™ technology employs a pinpoint laser for accurate adhesive weight placement. Its dual 3-digit LED display shows weight readings and positions, integrated into a redesigned ergonomic weight tray. For ease of use, it includes semi-automatic input for rim dimensions via 2D SAPE and smartSonar™, with easyALU™ for balancing mode selection.

QUICKBAL™

Engineered for optimal performance, this feature intelligently adjusts the number of revolutions according to each wheel's specifications. Operating at maximum speed, it effectively reduces cycle time, delivering swift and efficient results.

TECHNICAL SPECIFICATIONS

Semi-Automatic Rim Diameter Range	8" - 25" 20 - 63,5cm
Semi-Automatic Width Range	3" - 15" 7,6 - 38cm
Manual Rim Diameter Range	8" - 32" 20 - 81,2cm
Manual Rim Width Range	1" - 20" 2,54 - 50,8cm
Max Wheel Diameter	42" 106,6cm
Max Wheel Weight	154 lbs. 70kg
Power Supply	230V 1ph 50-60Hz
Dimensions HxWxL	72"x35"x54" 183x88x138cm

STANDARD ACCESSORIES

Integrated flange with quick-clamping nut, mechanical main shaft lock
 Drum, drum cushion, 3 cones (1,7-3,2" | 42-80mm),
 (2,8-3,9" | 72-99mm), (3,8-4,6" | 96-116mm) dia.
 Universal weight pliers, adhesive weight removing tool
 4 Storage pegs on left-hand side of machine

SEMI-AUTOMATIC DATA ENTRY

With intuitive gauge arm and easyALU™ technology, the system lets technicians touch the rim, automatically logging dimensions and selecting the correct weight-balancing mode.

SMARTSONAR™

This intelligent system utilises sonar sensors to automatically detect the rim width, eliminating the need for manual input and reducing the possibility of errors. By streamlining the process, it enhances efficiency and accuracy.

SPLIT WEIGHT MODE

This feature ensures accurate balancing and discreet weight concealment behind spokes, maintaining the wheel's aesthetic appeal and visual presentation.

EASYWEIGHT™

Laser technology precisely indicates the exact location for weight application.
