SWING-ARM TIRE CHANGER

ENGINEERING UNLEASHED™

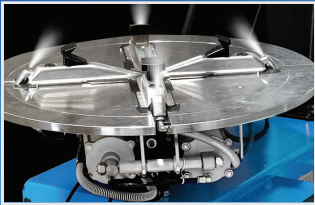

monty® 1620

TIRE CHANGER FOR GENERAL REPAIR SHOPS

The Hofmann® monty® 1620 tire changer is a versatile solution designed to handle intricate wheel and tire configurations in contemporary vehicles. It incorporates features like an ergonomic pedal-operated bead breaker, nylon-covered clamping jaws, and twin cylinders to ensure the secure positioning of wheels and prevent potential damage.

RIM CLAMPING BEAD SEATER

A direct burst of compressed air comes through the clamping jaws to facilitate bead seating.

FIXED JAWS

To safeguard the wheel's integrity, these nylon-covered jaws are self-centering and grip the wheel firmly for elevated stability and safety.

PRESSURE GAUGE

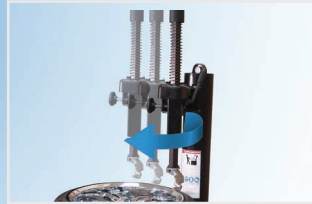

Positioned in an easy-to-see location, it serves to calibrate tires with high precision.

ON-FLOOR BEAD BREAKER

A conventional side-shovel bead breaker, featuring an ergonomically positioned pedal control situated a small distance from the shovel, is the quickest solution for efficiently handling a range of tires.

SWING-ARM

Optimization of space is skillfully ensured with a mounting arm that pivots to the side, allowing the machine to be efficiently installed directly adjacent to a wall.

COLUMN-INTEGRATED AIR TANK

An unobtrusive, vertical design, column-integrated air tank helps conserve valuable shop space with a large volume for increased blasting capabilities.

TECHNICAL SPECIFICATIONS

Part Number	MONTY1620B
Max Rim Diameter	20" 50.8cm
Max Tire Width	15" 38cm
Max Rim Width	14" 36cm
Max Wheel Diameter	50" 127cm
Power Supply	115V 1Ph 60Hz
Air Pressure Required	116-174 PSI 8-12 bar
Dimensions HxWxD	68"x47"x49" 172x119x124cm

STANDARD ACCESSORIES

- Wave Plus Tire Lever
- Lube Bucket
- Lube Brush
- Protective Insert for Mount/Demount Head
- Plastic Jaw Protector
