monty® 8700

SUPERIOR LEVERLESS TYRE CHANGER

ENGINEERING UNLEASHED™

monty® 8700

MAXIMUM SHOP PRODUCTIVITY AND SUPERIOR SERVICE QUALITY

The monty® 8700 smartSpeed™ is a semi-automatic centre-post tyre changer that stands out by employing an exceptional set of tools, minimising effort and reducing the risk of potential damage when working with run-flat (RFT) and ultra-high-performance tyres (UHP). It provides an innovative leverless mount/demount system, while smartSpeed™ technology assists in controlling the motor's optimum torque/speed combination to achieve peak performance. The dynamic dual-disk bead breaker can easily accommodate a diverse range of wheels, making the monty® 8700 a preferred solution of choice for shops of all sizes. The monty® 8700 smartSpeed™ is the superior solution for professional shops with reputations built on efficient and precise tyre changing, especially with specialised tyre types.

CENTRE-POST CLAMP

This design offers an array of essential benefits, with paramount importance placed on the significant reduction of potential wheel damage, as well as reduced clamping constraint in contrast to the turntable design.

SMARTSPEED™

This revolutionary, patent-protected technology optimises the applied torque on the wheel and automatically establishes the maximum rotational speed of the wheel.

THE ULTIMATE IN PRODUCTIVITY
AND PERFORMANCE

monty® 8700

POWERMONT™

This leverless mounting and demounting tool is designed to coordinate seamlessly with the dynamic bead breaker, ensuring optimal positioning. Engineered with upgraded steel and fortified plastic protection, its durability is unparalleled, even over the long term. This innovative system is ideally suited for a diverse range of tyre types.

DYNAMIC BEAD BREAKER

The precisely calibrated synchronised dual-disk system thoroughly aligns both upper and lower tyre beads, ensuring unparalleled precision and reducing the potential for wheel damage. Adjustable tilt feature included for tyres with a stiff sidewall.

PNEUMATIC BEAD PUSHER

The Pneumatic Bead Pusher is designed with a reverse-side hook to assist in lifting heavy tyres, efficiently facilitating the mounting process of the upper bead.

monty® 8700

OUTSTANDING SERVICE FOR PREMIUM PERFORMANCE TYRES

CONTROL PANEL

The user-friendly control panel employs a colour-coded layout and tool-matching controls to ensure easy navigation.

TOP-SIDE BEAD SEATER

This ergonomic precision tool quickly injects compressed air into a tyre, ensuring the bead seals tightly onto the rim.

LOWER BEAD CAMERA VIEW

The lower bead camera offers a clear visual feed on the control panel monitor, ensuring accuracy while maximising the efficiency of the lower bead breaking process. Only for 8700g

TECHNICAL SPECIFICATIONS

Max Rim Diameter	30" 76cm
Max Tyre Width	15" 38cm
Max Rim Width	13" 33cm
Max Wheel Diameter	47" 119cm
Wheel Lift Capability	154 lbs. 70kg
Power Supply	230V 1ph 50-60Hz
Air Pressure Required	116-174 PSI 8-12 bar
Dimensions HxWxD	74"x58"x73" 188x148x186cm

STANDARD ACCESSORIES

- PBD330 pneumatic bead assist device
- Bead extraction tool
- Clip-on plastic tyre protector
- Bead clamp
- Smart Bead Spacer
- Quick-inflating valve for safe inflation of tyres in line with CE standards
- Pedal-operated inflation system
- Brush for tyre lubricant and holder for tyre lubricant container

VERSION DIFFERENCES

- 8700g - All features
- 8700b - no lower bead camera; no top-side bead seater
